# Feedback

*“Overall we found this a very cost effective way to be exposed to many companies in a large market. The collaboration with Natural Health Products NZ and NZTE meant we had some weight behind our conversations and gained greater networking opportunities.*

*“We are very grateful to have had the opportunity to be a part of such an event and would definitely consider being a part of similar events in the future.”*

➤ Claire Quin, General Manager, Alaron Products Ltd

*“We’ve found this quite useful as a NZ delegation group and with a bit of government background, this has helped with access. Lots of events that normally we would not get into with an individual stand, so it’s quite helpful in accessing more resources.*

*“Both the event matching session and the tasting corner all quite beneficial and we’ve gained a lot from these.”*

➤ Angela Xiang, Head of Great China Region, Manuka Health
